HIV Warning, Please read

Monday, 05-Apr-99 14:41:54

Please make time reading this warning!!!

Orlando Domingo

City of Irving

Department of Public Works/Engineering

For your information, a couple of weeks ago, in a Dallas movie theater, a person sat on something sharp in one of the seats.

When she stood up to see what it was, a needle was found poking through the seat with an attached note saying, "you have been infected with HIV."

The Centers for Disease Control in Atlanta reports similar events have taken place in several other cities recently. All of the needles tested HAVE been positive for HIV. The CDC also reports that needles have been found in the coin return areas of pay phones and soda machines.....

The Roots of My Impure Behavior

11:54 pm Thursday March 4, 1999

I admit I cuss too much. Hell, every year I make a resolution to curb my profanity. But I can't. It is like second nature. It is as familiar to me as eating and drinking.

You see, I hang around w/ guys too much. We are all horny and perverted. When we go ballin', we talk a lotta shit. I've picked up a few choice things from that. When we go drinking, we turn into rowdy drunken frat guys.....

As of Nov 3, 1998 Beazil and I are engaged!!

I saw him at Denny's one night about a year and half ago and I asked his friend, "Who's that??" He said "Oh just my friend." Then about 6 months ago Beazil started msg'ing me and I thought it was just another freak on the net. I met him a week ago and we just hit it off. Sure I've been in other net relationships before but this is the hardest one I'm going to be in. I've actually held him and felt him so makes the need greater. I'm still in shock but it's a GREAT feeling. It feels like someone just broke my heart, having that feeling in your stomach but I should be happy but it's mixed feelings. I can't wait till that special day!

I love you Beazil!!!!

Men Seeking Tall Women (and visa-versa)

Message: 212.210.176.28 writes: Tall friends

Hello ladies!

I'm Francesco, from Italy. I'm 6'4" (192cm) I want to talk to every tall woman, because i love you!!!!

How can i describe what i think of you?

You aren't ordinary people, you are too beautiful, you have a particular way of moving walking, running, sitting which makes you so special. I love your grace, I love also your insecurity: you are taller then the other women and you sometimes think that they are prettier.

Noooo my little Cinderella, you are one of the reason of the good living. Kisses, and write me!

Comment: This is not a nice message to bring in to 1999, but I just couldn't resist. It was tooooo fucked up. But you can question your self why such messages at all are written. You can also look up the [Nasty site](#) (scary) or my [No Comment](#) page to get a view what kind of images that are circulating around the web in this crazy world. Can give some thoughts into 1999.

Myself, I want 1999 to be a Good, Nice, Incredible Year and I wish you all a HAPPY NEW YEAR!!!
