So though we are all meeting via this chatboard, look and the very mean way we are all treating each other.  </p> <p style="text-align: right;">IP: 203.23.237.80</p>

Personally, I think everyone is enjoying the battle of wits !! kind of looks that way, doesn't it?</p> <p style="text-align: right;">IP: 24.16.222.244</p>
I Love Steve	<p> posted October 10, 2000 12:46 PM</p> <hr/> <p>The first comment I wrote in that topic was directed to Ellis and ONLY Ellis! Why does she have the right to call everyone she wants name and I can't call HER names? SIMPLE QUESTION! And if you say to me that she was only stating her opinion and I had no right to speak to her like that well you people had no right to talk to me like that because I was doing the same thing she did I was stating my opinion about her! The same your doing when you are speaking to me!</p> <p>For the one who said, "Walk away" I say to you YEAH RIGHT! Like YOU would walk away if someone was attacking you verbally or physically! I would love to</p>

see that!

For the one who mention my spelling, ENGLISH IS NOT MY FIRST LANGUAGE! If english is YOUR first language I don't think YOU have a perfect spelling and grammar all the time NOBODY does! I always re-read what I write but I can't say the same for most people and I am not reffering to any of you! And if your excuse to mention my spelling faults is because I called someone a "idiot" well I didn't called her a idiot because of her spelling!

For the foul language you know people "Fuck" "Bitch" and all of those kinds of words are only WORDS! Fuck can be used in many situations!

But hey if you want to defend someone like Ellis I am going to start talking like her so like that you would accept me!

Hey I love Steve !
You are repeating your ignorant self over and over again !
you need to hook up with "Chris" from the UK, so you two can compare which body parts resemble the fish he "says" we evolved from !!!!!
If the shoe "fits", WEAR IT !!

"The first comment I wrote in that topic was directed to Ellis and ONLY Ellis!"

But before you said...

"I am just sick and tired of those Christians Jerks."

Just because English isn't your first language... doesn't mean you get to be a hypocrite.

I must say that it has been a few years since I have gotten online, and my oh

my!!.

I am 22 and I have a 5 year old daughter, and every day i wake up hoping I can learn more about everything and everyone that way maybe I can make a somewhat easier life for my child, full of knowledge, etc.

I know I have a hell of alot more to learn, and as any 22yrld., I have some "growing up" to finish, but one thing that I know with out a doubt is I live in one hell of a screwed up world, here we are, the United States of America, and we have the odasity to treat anyone like anything other than a human., we hear arguements daily about raceism etc., and still call ourselves a free country the only thing this world seems to be free from is more people who just need to shut up and listen for once., I am not saying anyone is right or wrong in here I just want to point out that their is more impotent things to worry about than -Oh, no, this person called me this, oh that means I have to go do that to them. I honestly thought that I left high school about 5yrs ago, obviously I was wrong, well, I left High school, but we seem to be still playing those high school games. yes I beleive that everyone has a right to their own opinion, no matter what you think of me that is your opinion, and you have that right. but must we be so rude about a discusion that involves religion?, do I beleive in Jesus, no, maybe not, I do beleive their is something or someone out their that is greater and more knowleged than I. but I do know that religion on any bases or belief, is not here for us to put others down for any reason., it is to give us hope and to give us guidance in our lives, for us to use that against others in such a hateful manner is in my eyes dissapointing.

for Jerry's meeting people comment, I feel I have "met" you-all of you, and i think as we go on with our lives we should understand peoples differences thats why we wanted our United States, and our Jerry Springer so we could see and meet others with different opinions than our own, the only way we are going to keep anything like that in our lives is to respect that freedom which in return means respecting others opinions

<sigh>

oh what a tangled web we weave""

"I LOVE STEVE"

Ellis" WAS NOT directly speaking to you" If you do not believe in Jesus, then that is your opinion.

Certainately, we will "ALL" find out someday. Personally, as a believer that christ died for our sins so that we may have eternal life, I would rather "BELIEVE" then not believe when the judgement day comes.

However, that does not make you ignorant in my eyes, It is how you treated Ellis and MYSELF with your trashy mouth and name calling. Did Ellis strike a nerve with you? why were YOU the only one to call her names and speak so rudely about"christian Jerks" as you said in one of your messages.

you love Steve., I happen not too. You spread that all over the sites by using the name "I LOVE STEVE" do people call you a "BITCH" and say WTF" to you for that? I think NOT !!!!! as for the person to reply before me, you have a good head on your shoulders, and your daughter will grow up to be a fine adult because of your logic. As a very responsible and loving parent, I admire that in you. I don't not hate you nor will I call you names and use the "F" word if you do not believe in God.

It seems that ""I LOVE STEVE"" isn't ever going to see that it's not "what" she says in her messages, It's ""HOW"" she says it to others.
